

# Neural Networks from Scratch

*Build a working neural network from an empty file.*

|                                 |       |                                     |       |
|---------------------------------|-------|-------------------------------------|-------|
| 0 THE TEN QUESTIONS             | 01-04 | 1 TURNING SCORES INTO PROBABILITIES | 05-07 |
| 2 WEIGHTS AND WIRING            | 08-11 | 3 HOW A NETWORK LEARNS              | 12-17 |
| 4 CONTEXT AND REVIEW            | 18-20 | 5 CODING THE LAYERS                 | 21-27 |
| 6 LOSS, OPTIMIZER, AND TRAINING | 28-33 |                                     |       |
