

CHARLIE AND THE INTELLIGENCE FACTORY · BOOK III

Charlie and the Sound Room

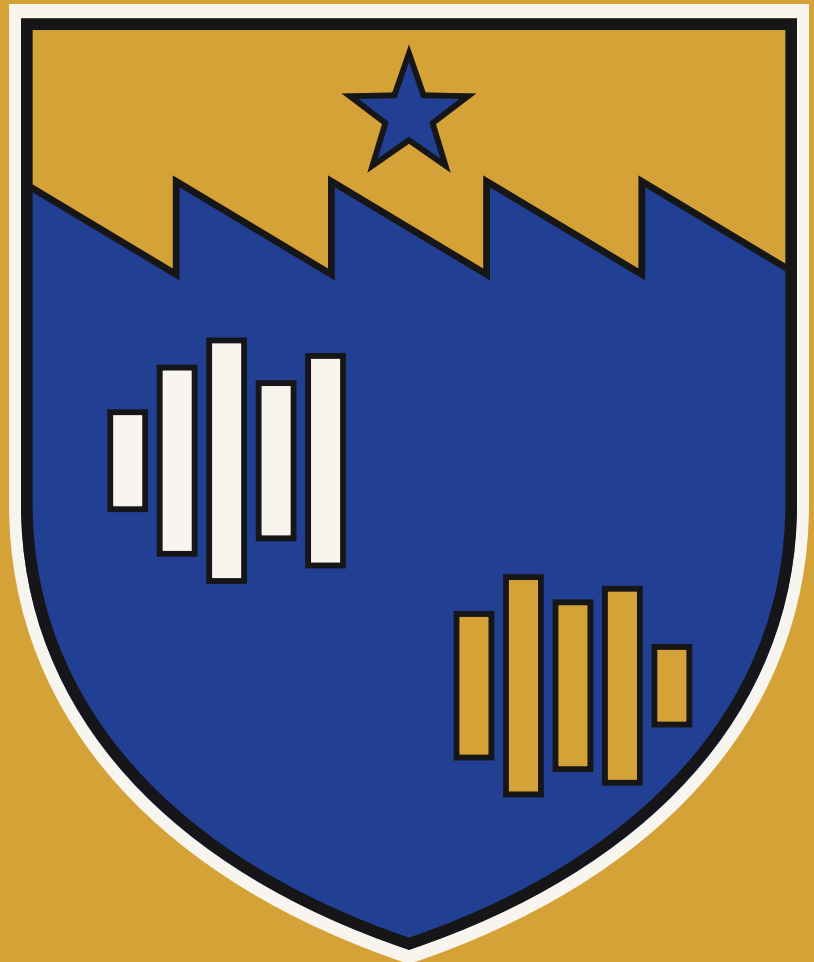

Audio – Voice Agents

BLAZON

Azure, a chief sawtoothed Or charged with a mullet Azure; in chief five pallets couped Argent, in base five pallets couped Or, these beginning only after those end.

SYMBOLISM

The mullet marks the third son. Turn-taking on one timeline: the caller speaks (silver), silence is detected, and only then does the agent answer (gold). The empty gap between them is the latency budget the book is about.
